DAY 1 SANTIAGO – BALMACEDA – RIO TRANQUILO

Arrival at Balmaceda airport, transfer from Balmaceda airport to Rio Tranquilo, accommodation at the hostel "El Puesto".

DAY 2 LAGUNA SAN RAFAEL

In Puerto Tranquilo, just before crossing the bridge at its northern limit, you must turn onto route X-728 towards the Exploradores valley, which you must follow until km. 86 where you will find the end of the road. It is approximately two and a half hours from Puerto Tranquilo to this point where the meeting time is at 9:45 a.m., which means leaving no later than 7:30 a.m. from Puerto Tranquilo. Here you will find a large but "informal sector" to park and our crew will be waiting for you. Once you arrive at the dock, our guide will gather the group and give a brief safety briefing and general description of the trip. After boarding one of our boats "SISU" and "LA RESISTENCIA", a smooth navigation begins along the final stretch and delta of the Exploradores River. Scenery of particular beauty in which we will enjoy our breakfast. In approximately 2 1/2 hours of navigation we will arrive at Laguna San Rafael National Park. We will disembark at the CONAF dock. We will take a short walk along a small interpretive trail of 30 minutes round trip to rest from navigation, go to the bathroom and visit the ruins of the historic Hotel Ofqui. Afterwards we will return to the boat and sail towards the wall of the San Rafael glacier, so that we can contemplate its imposing fall and the magnificent natural scenery that surrounds it. We will enjoy a homemade lunch in front of the blue wall and as an after dinner drink whiskey with millenary ice and enjoy a good coffee. Afterwards we will start our return to Explorers Bay. Arriving approximately at 17:00 at the pier.

DAY 3 CATEDRALES DE MÁRMOL
